Each year, The Village at Boulder Ridge hosts a number of school outings. With facilities for 100-500 guests, it is the perfect location for schools looking to reward their students for their hard work.

We believe in providing exclusive use of our facility to your students allowing

them an opportunity to have fun and create memories with their friends.

Our menu begins with breakfast served upon arrival and continues all-day long. An ice cream sundae finale tops off a day of exciting activities.
